**Parody the Programme** is a skit competition aimed at revealing the real talents of the students. It also shows the language skills, acting skills and their understanding of the society, especially the virtual world.

Students display their understanding and interpretation of the TV world. From Reality shows and News programmes to Master Chef cookery classes were made fun of. It is refreshing to see these programmes from the Generation-Z's eyes. It's my immense pleasure to adjudge the event and announce the results.

Results were released through social media on 12.07.2018 and were posted on our college website also.
