

Project Title: Wireless Body Sensor Network Supported Sleep Disorder Analysis System

Funding Agency: Department of Science and Technology

Division: **Science for Equity Empowerment and Development Division**

Scheme: Technology Intervention for Disabled and Elderly

Period of Support: 24 Months

Manpower: Research Assistant – 2 in number

Required Qualifications: M.E./M.Tech in Embedded System Technologies, Medical Electronics, Applied Electronics, Power Electronics, Instrumentation and Computer Science; and also related subject areas.

Essential Knowledge for RA 1: Embedded Programming, Circuit Design and Layout, System Design and Model.

Essential Knowledge for RA 2: Data analytics, Machine Learning and Cloud server maintenance

Address for Communication:

**Dr .A. Balaji Ganesh,**

Professor, Department of Electrical and Electronics Engineering,

Co-Coordinator, TIFAC-CORE,

Qualified Patent Agent and IPR Consultant,

Velammal Engineering College, Chennai-600 066, INDIA.
