Velammal Engineering College (VEC) is recognized as one of the most prestigious engineering colleges in Chennai with an AAA+ rating from Careers 360. With a great track record of having consistently nurtured rank holders every year, it is commendable to note that for 2014 alone, VEC has recorded a good 100 university rank holders from Chennai.

Cognizant's association with VEC is attributed to the institution's credibility in preparing deserving, corporate-ready students, who participate in events that augment their subject knowledge and are a great value addition to our organization.

Cognizant has been a proud partner with VEC in conducting knowledge sharing sessions, workshops, presenting lectures and giving key note addresses.

Cognizant is pleased to be part of the college's Governing Council, with Dr. G. Subramanya VRK Rao, Senior Director - Cognizant as a Computing Sciences expert member in the council, and Mr. Devasankar Balasubramanian, Associate Director - Cognizant as a committee member of the Programme Assessment Council for Computing Sciences.

Velammal Engineering College allows its students to get hands on working experience by offering them internship opportunities as part of the Cognizant CIOs Challenge, which is an App Development contest.

We are indeed proud to be associated with such an institution and look forward to many successful years of collaboration!

Dear Prof. Arun,

Greetings from Infosys!

It is our pleasure to share feedback about our esteemed partner, Velammal Engineering College. Over the years, we have not only been associated for recruitment but for various other initiatives as well, proving to be a valued partner. During recruitment, the students from Velammal perform well in the online test assessing them on analytical, mathematical and verbal reasoning. They also exhibit strong technical expertise during the interviews following the online test. At Infosys, we also closely monitor the training performance of our campus recruits and students from Velammal Engineering College have been doing well in that area as well. We are extremely happy to be associated with your institute and hope to continue this relationship in the years to come.

Best wishes!

Regards,
Angeline

Hi Arun,

UST Global has been recruiting from Velammal Group of Colleges for the last several years. Your students who came into our organization are working at different levels in our locations inside and outside India. They have made significant contributions to the growth of our company. We are quite happy with the quality of your students. As a value oriented organization, we also find cultural and value alignment with your institutions, which has inspired us to continue a long term relationship with you. We are pleased to acknowledge that Velammal is one of the 13 partner colleges of UST Global PAN India and enjoys all the benefits of this close relationship.

We wish you the best in your endeavours and look forward to continuing a fruitful and mutually beneficial relationship.

Thanks & Regards,

Rekha Mathews

Dear Mr Arun,

DELPHI - TVS

Our feedback about your college:

Velammal Engineering College has always been a pioneering institution in shaping a student's career and life. The seeds were sown from the beginning and the Velammal Group has made its name and dignity not only in the city, state, country but also worldwide.

The college has produced excellent students for the industries. Due to its academic excellence, the students have brought laurels to the college. Students from this prestigious institution are technically sound and possess professional acumen.

Not only technically sound, but the students are also ethically shaped and cultured according to the society. They not only work for the industries, but also for the society.

The students are well-equipped and shaped to become the best of engineers in the country.

We are honored to be associated with Velammal Engineering College and hope this association continues.

We wish you all the very best.

Regards,

LUCAS - TVS

Dear Mr Arun Ramaswami,

Ever Since 2005, we have been associating with Velammal for recruitment of Fresh Graduate Engineers in the stream of Mechanical and Electrical and we are extremely happy with the association of Velammal.

We would like to place on record on the following:

The students who are placed are highly disciplined and committed to their task.

Velammal has been proving in providing best infrastructure to the students and always upgrading them year on year.

The quality of students are improving year on year.

The support from Management in encouraging the students to participate in various forum is high appreciable and this makes the students more confident. Placement of students in various corporate is a best example to support this statement.

We will continue to recruit students from Velammal in future also.

Thanks & Regards

Dear Arun Ramaswami,

Since 2003 we have recruited around 18 students (Mechanical, Electrical, Civil & Instrumentation) from Velammal Engineering College where as 12 are still working with us. The oldest one is from 2003 batch and currently he is designated as Sr. Manager.

Students those who have been recruited seems to be very agile, committed and sincere in the given assignment & exhibits leadership qualities too. Also it seems they are quite competent in technical knowledge which really helps them to propel faster in their career.

Their thirst of learning new things and adaptability is very visible while being posted at various sites. This gives us an edge in recruiting your students and we look forward strengthening our relationship to cater our future needs.

With kind regards / Mit freundlichen Grüßen,

Sathyanarayanan K

Dear Sir,

It was an amazing experience to visit your College for the campus recruitment.

We were awestruck by the kind of training you provide to the students and the way they carry themselves into the interview hall.

The College environment in terms of discipline and faculty interaction was really good.

With such qualified faculty members providing strong personal attention and training for personal grooming to the students we are sure the College has a long way to go.

We would be proud to continue our relationship with your prestigious Institution in times to come.

Thanks and regards,

Kartik K G S
