CHALLENGES IN CLOUD COMPUTING

7th and 8th October - 2010

Organized by

DEPARTMENT OF INFORMATION TECHNOLOGY
VELAMMAL ENGINEERING COLLEGE, CHENNAI-66.
ABOUT THE INSTITUTE

Velammal Engineering College was established in the year 1995-96 to impart quality education. It is a self-financing non-minority institution, affiliated to Anna University. Approved and accredited by the All India Council for Technical Education (AICTE). This college is also accredited by NBA and with A+ grade by NAAC.

ABOUT THE DEPARTMENT

The Department of Information Technology was started in the year 1999, with the aim of catering to the increasing need for quality IT professionals in the nation's march towards the digital age. This Department offers B.Tech and M.Tech courses in Information Technology. Being the member of The Velammal Family, the department is committed to impart quality technical knowledge and develop the necessary skills to enable students to successfully meet real world challenges. The Department having conducted similar conferences in the recent past, besides the annual National Level Technical Symposiums, workshops and training programmes.

ABOUT THE FDP

The Cloud Computing denotes the infrastructure as a “Cloud” in which businesses and users are able to access applications from anywhere in the world on demand. To realize Cloud computing, vendors such as Amazon, HP, IBM, and Sun are starting to create and deploy Clouds in various locations around the world. In addition, companies with global operations require faster response time, and thus save time by distributing workload requests to multiple there are many security challenges involved in creating such Clouds and Cloud interconnections.

To promote awareness and provide an exposure to the latest trends in Computing such as Ubiquitous Computing, Multicore Programming, Cloud Computing and Security issues and Virtualization Technologies.
