ABOUT THE COLLEGE

The Vellalmal Engineering College is a registered non-minority service organization established in the year 1995-96 by Thiru. M. V. Muthuramanalingam. The watchwords of the trust are “Dedication, Determination and Destination”. Our institution is ISO 9001-2000 certified and also accredited by NAAC with A5 grade.

ABOUT THE DEPARTMENT

The department of Computer Science & Engineering has been accredited with A3 grade by AICTE. Our department has highly qualified, experienced and dedicated faculty. Our department has been ranked 2nd among all affiliated colleges under Anna University in the year 2008-09. We have produced 5 university ranks in PG and 3 university ranks in UG in the year 2009-10.

ABOUT THE CONFERENCE

This is a National level conference on “Computing, Communication & Networking Technologies” in the field of computer science. The objective of this conference is to provide a platform for promoting discussion and interaction in recent developments in Computing, Communication & Networking Technologies and to foster the exchange of concepts, prototypes, research ideas and the results of research work.

Topics:

Artificial Intelligence
- Robotics & Automation
- Neural Network
- Expert Systems
- Fuzzy Logic
- Pattern Recognition

Advanced Application
- VLSI Design
- Natural Language Processing
- Internet & Web Applications
- E-Governance & E-Commerce

Database Management System
- Data Warehousing and Data Mining
- Bioinformatics Database
- Healthcare Management Information
- Distributed Databases
- Query Optimization
- Web Intelligence
- Web Databases and Filtering
- Temporal Databases
- Information Retrieval

Computer Graphics
- Image Processing & Computer Animation
- Computer Vision & Virtual Reality
- Nano Computing
- High Performance Computing
- Human Computer Interaction & Interface
- Ubiquitous or Adaptive Computing

Software Engineering
- Fault Tolerance & System Testing
- Verification, Validation & Testing Techniques
- Software Construction & Project Management
- Process Models
- Software Reuse & Software Repositories
- Software Metrics
- Component Agent Based Software Engineering
- Knowledge Based Software Engineering

Networks & Security
- Advances in Network Optimization
- Network Security & Routing Techniques
- Mobile Ad hoc Networks, Sensor Networks & Vehicular Networks
- Distributed Networks, Cluster Computing & Cloud Computing
- Grid Computing
- Parallel Computing

NOTE:
Papers other than those topics mentioned above in your research area are also accepted.
